This To the Administrator Addressed letter provides information related to guidelines for provisions of a multihazard emergency operations plan.

Guidelines for Emergency Operations

[Texas Education Code, Section §37.1086](#) requires the agency to establish guidelines for the provisions of an LEA's multihazard emergency operations plan to better ensure the safety and security of students and staff with disabilities or impairments. Working collaboratively with educators, education service centers, and advocacy groups, TEA's Office of Special Populations and Student Supports, Office of School Safety and Security, and the Texas School Safety Center developed these [Guidelines for Multihazard Emergency Operations](#).

Per Texas Education Code, Section 37.1086(b), LEAs must follow these guidelines when adopting/implementing their emergency operations plan.
